

Hosted Microsoft® Exchange 2007

Verio On-Demand Services from MarketWorks, LLC

Providing SaaS offerings for today's small businesses

Microsoft® Exchange is the world's leading business messaging platform. It boosts company productivity with a long list of advanced features including mobile access, Webmail, shared calendaring, task lists, contacts, and much more.

Messaging and collaborating with Hosted Microsoft Exchange no longer require an investment in hardware or IT personnel. To see our Exchange/SharePoint product line, log on to verio.com/server-hosting. For larger businesses, we offer 100–500+ mailbox solutions. *For more information visit SearchMarketingForLawyers.com.*

New features

Hosted Microsoft Exchange 2007 delivers numerous new features to boost productivity, access, and security. This powerful new version allows you to:

- » Search your whole mailbox from your Windows® Mobile 6.0 device and locate any message instantly
- » Access your email, contacts, and calendars from any browser

Key features found in all plans

- » Mobility services
- » Free download of Microsoft Outlook 2007 (PC) or Microsoft Entourage® 2004 (Mac) — per computer using Hosted Microsoft Exchange 2007
- » 24x7 phone support and 99.9% service uptime guarantee
- » Billed monthly with no cancellation penalty
- » Includes ActiveSync® technology free for each seat

Mobile messaging options

Mobile messaging options are available for all Hosted Microsoft Exchange 2007 seats.

- » ActiveSync technology for any Windows Mobile devices (included free)
- » BlackBerry® Messaging from Research in Motion (optional)
- » Good™ Mobile Messaging from Motorola (optional)

Hosted SharePoint Services

Now you can add Hosted SharePoint services, based on Microsoft SharePoint® Services 3.0, to your Hosted Exchange 2007 account. SharePoint offers a flexible, easy way to develop a personalized Web portal, a powerful corporate intranet or extranet, or a simple online document library.

Features of Hosted SharePoint services include:

- » Shared address lists and calendars
- » Ideal for platform development — building a company intranet or extranet
- » 40+ professional application templates
- » Online document library (with built-in document version control)

SharePoint services are available only as an Exchange 2007 add-on.

Exchange SLA

With the Microsoft Exchange 2007 service, we provide an industry-leading uptime guarantee with a 99.9% service level agreement for both server and network.

Please note that we offer several high-end Hosted Exchange 2007 plans to address larger business demands. To learn more visit SearchMarketingForLawyers.com.
